

Itinerary The Royal Fjord Route

The Royal Fjord Route starts in Ålesund and takes you to the world of fjords. In one day you will visit two of the most popular fjords in Norway - Hjørundfjord and the UNESCO World Heritage listed Geirangerfjord. Hjørundfjord and Geirangerfjord were popular among kings and queens all the way back in the 1890s. Now it's your turn to enjoy the beauty of these fjords. Along the route you can also enjoy the magnificent views of mountains, waterfalls and the charming countryside.

The route goes from Ålesund via Ørsta, Sæbø, Øye and Hellesylt to Geiranger and returns to Ålesund via the Eagle Road, a hairpin road up the steep valley sides of the Geirangerfjord with a breathtaking view of Geiranger.
